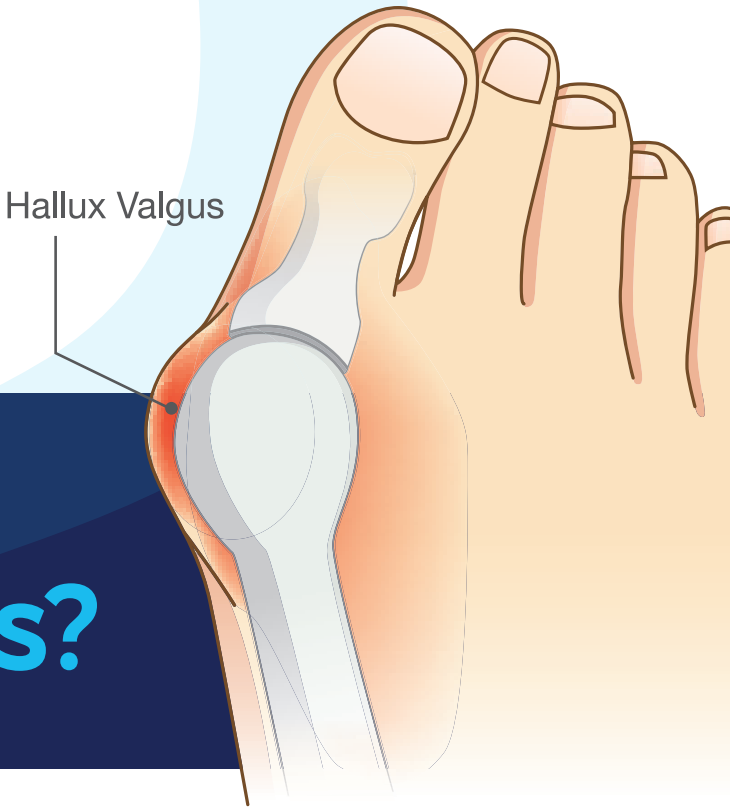
Dystance



Do you have **Painful Bunions?**

You may qualify for the Dystance clinical research study. Study participants will receive at no cost:

- Potential access to a study medication that may relieve bunion symptoms
- Opportunity to participate in the Open-Label Period where all participants will receive the study drug
- Study-related care and monitoring by a healthcare team
- Education about bunion (hallux valgus) condition

For more information about the Dystance study, visit **footbunionstudy.com** or contact **Podiatry 1st** at 618-477-1395.
